City Colleges of Chicago Transfer Guide

BA in Art: Art Education-ARTT

Welcome to CSU Art & Design, the perfect place to study creative arts, design, or art education. Our degree programs prepare you with skills for a career or graduate study. The Art & Design program (including the MAT in visual art) is accredited by the National Association of Schools of Art and Design (NASAD).

Student-Centered Education

CSU prepares graduates for the future. Many attributes for successful careers are cultivated through the study of visual arts and design. The Art & Design Bachelor of Arts degree offers options and a flexible curriculum, encouraging students to follow their passion and learn skills to succeed.

"When I first began my journey at Chicago State University, I was very unsure of my artistic abilities. I never could have imagined how much I could grow in so little time."

"The faculty always pushed me to do my very best and took the time to get to know me as an individual artist ... small class sizes allowed classes to be more intimate and interactive, allowing my peers and I to receive the guidance we needed from our professors"

Our Mission

The Art & Design program prepares a diverse student population to succeed in visual arts, art education, and design. Our courses are an inherent part of a university liberal arts education, teaching students to be highly proficient in art & design skills, critical thinking, synthesis, creativity, respect, and ethics. Faculty and students are engaged in exhibitions, programs, and public projects connecting the university to the community — showcasing art and design as integral parts of culture.

Highlights

Art & Design has spacious and well-equipped design, photography, printmaking, drawing/painting, fiber arts/weaving, ceramics, and sculpture/metalsmithing studios. Students can major in graphic design, 2D studio art, 3D studio art, or art education PK-12. It has two galleries. Both professional artists' work and student work are shown in the President's Gallery; students can exhibit their work and curate exhibitions in the University Gallery. In addition, students lead art activities in Student Affairs, collaborate on mural projects, and have opportunities to participate in internships. Faculty all have terminal degrees in their fields and teach all courses; there are no graduate students teaching courses at CSU. Please visit the department webpages at www.csu.edu/artanddesign/ for more information.

Advisor Contact Information

The junior/senior and transfer advisors are Thomas Lucas at tlucas22@csu.edu and Lillian Kay Dawson at ldawson@csu.edu or 773-995-2283.
