Transfer Guide

BA in Spanish Education

The Department of English, Foreign Languages, and Literatures offers a BA in Spanish. The program emphasizes quality preparation in the humanities, provides access to traditionally underrepresented populations, especially Latino students, and contributes to the economic and social welfare of the community. At the heart of the department's philosophy is a belief that language and communication are paramount to the human experience. Competence in more than one language is not only integral to a complete educational experience, but also enables individuals to participate more fully in the global society and marketplace. In addition, the study of other languages and cultures empowers people to behave with a greater sense of self and to be successful in their relationships with those of different backgrounds.

Completion of the teacher preparation option in Spanish qualifies students for an Illinois Professional Educator License (PEL) with an endorsement for teaching Spanish for grades K-12. Licensure requires the successful completion of the Illinois Licensure Spanish content area test and the edTPA. The program meets Illinois State Board of Education (ISBE) standards for foreign language education in Spanish.

Highlights

Students of all levels in our language programs can participate and become members of the Foreign Languages Organization (F.L.O) which brings together students in the promotion of all languages taught in the program and organizes cultural events. Students who demonstrate outstanding academic achievement are invited to join the CSU Chapter of [Phi Sigma Iota](#) (the National Foreign Languages Honor Society).
