

# SUMMER READING SKILLS PROGRAMS

**Phonics • Fluency • Comprehension**  
**Textbook Skills • Speed Reading • Love of Reading**

## Three Programs for 4-Year-Olds through Entering 2nd Graders

Students in these programs will make significant gains in phonics, sight vocabulary, fluency, and comprehension. As a result, your child will become a fluent, independent reader, gain confidence, and become more successful in school.

## Three Programs for Entering 3rd Graders through Entering 5th Graders

Students in these programs will learn to read more fluently and rapidly, and make significant gains in comprehension. They will learn the long-word decoding skills they need to read the many new words they encounter each day. As a result, your child will complete reading assignments more quickly and easily, be more successful in school, and become a strong, enthusiastic reader.

## Two Programs for Entering 6th-8th Graders and Entering 9th-11th Graders

In these programs, students will make substantial gains in comprehension while doubling their reading speed. They will also learn the best way to read textbooks, take notes, and study for tests. Students will complete homework assignments quickly and easily, get better grades, and become a more motivated student. Our students enjoy reading more and develop the lifelong habit of reading for pleasure.

## Program for Entering 12th Graders, College Students, and Adults

Upon completion of this speed reading program, students will learn to read twice as fast in difficult material, such as textbooks and other challenging non-fiction, and triple their speed in easier reading. The comprehension, concentration, and retention techniques students will learn will enable them to save time and get more out of everything they read.

## Highly Skilled Teachers Make Learning Fun!

Programs are offered by Continuing Education & Non-Traditional Degree Programs of Chicago State University. Classes are taught by instructors from the Institute of Reading Development. Tuition and materials fees vary by program level. Please ask about our family discount.
