Stay connected with our office by reading our email blasts, following our social media pages and reading our flyers posted throughout the campus.

Our job is to ensure that CSU students are prepared for their career by becoming...

**Cougar Ready!**

## Providing You with Opportunity!

**Industry Insights** give students, faculty and staff an opportunity to hear from a panel of professionals as they discuss their career journey, showcase potential careers with chosen major, and skills employers look for in college graduates.

Our **Competency Series** is based on the career readiness competencies formulated by the National Association of Colleges and Employers. We look to bring in professionals to speak on each competency and how they relate to their industry and experiences.

*Ms. Tammera L. Holmes, CEO & Founder of AeroStar Consulting Corporation, discussing her career journey and how students can develop leadership skills to carry throughout their personal and professional lives.*

## Partnerships for CSU!

We are diligently working to expand our partnerships to provide all of our students with experiential opportunities. This summer we hosted an Employer Brunch for our partners to learn how to better provide relevant experiences for our students.

We successfully introduced a diverse group of approximately 40 organizations to the CSU community. They provided us with valuable information on what characteristics they look for in students for internships and entry-level employment.

Through our various workshops and events, we are able to share this information and help prepare you for those opportunities.
