# Unlock Your Future with the ComEd Scholars Scholarship!

Are you a **Sophomore student with a passion for Physics, Engineering, Computer Science, Management Information Systems, Accounting or Finance?** CSU is thrilled to announce the 2025 - 2026 ComEd Scholars Program, designed to empower students like you on your academic journey.

## Benefits

- **Financial:** Receive up to five years of full tuition and fees scholarship that fills the financial aid gap up to \$7,500 per year.
- **Career development:** Benefit from personalized 1:1 coaching sessions to enhance your academic, personal and professional development.
- **Mentorship:** Receive an invitation to join the ComEd Scholars Mentoring Program with ComEd Mentors.
- **Networking Opportunities:** Attend CSU hosted workshops, student events, and monthly cohort sessions to build lasting connections with peers and industry professionals.

## Eligibility

- Classified as a sophomore student in good academic standing with a GPA of 2.8 or above.
- Maintain full-time student status
- Be a permanent US citizen with a US mailing address
- Be enrolled in a program of study related to Physics and Engineering, Computer Science, Business - Management Information Systems, Accounting or Finance

## If selected as ComEd Scholar, you will:

- Actively participate in the Sophomore Academy program.
- Attend four 1:1 ComEd coaching sessions and workshops (or the scheduled number of workshops) per semester.
- Engage in student events fostering relationship-building.
- Collaborate with tutors to maximize your chances of success.
- Take advantage of Career Development Services to plan for your professional future.
