2025 COMBINED ANNUAL SECURITY REPORT & FIRE SAFETY REPORT

Introduction

This report is provided in compliance with the Jeanne Clery Campus Safety Act. It provides students and employees of Chicago State University ("University" or "CSU") with information on: the University's security arrangements, policies and procedures; programs that provide education on such things as drug and alcohol abuse, awareness of various kinds of sex offenses, and the prevention of crime generally; and procedures the University will take to notify the campus community in the event of an emergency. Its purpose is to provide students and employees with information that will help them make informed decisions relating to their own safety and the safety of others.

Policy for Preparing the Annual Report

This report is prepared by Chief of Police, Dwayne Betts, in cooperation with local law enforcement authorities and includes information provided by them as well as by the University's campus security authorities and various other elements of the University. Each year an e-mail notification is made to all enrolled students and employees that provides the website link to access this report. Prospective students and employees are also notified of the report's availability. Hard copies of the report may also be obtained at no cost by contacting Chicago State University, Lt. Marcella Sawyer, University Police Department, O&M Building, Suite 210, Chicago, IL 60628. The University is committed to taking the actions necessary to provide a safe and secure working/learning environment for all students and staff. As a member of the campus community, you can feel safe and comfortable knowing that security procedures are in place that represent best practices in the field, and are constantly tested and re-evaluated for their effectiveness.

General Safety and Security Policies

Reporting a Crime or Emergency

The University encourages accurate and prompt reporting of all criminal actions, emergencies, or other incidents occurring on campus, on other property owned by the University, or on nearby public property to the appropriate administrator and appropriate police agencies. Such a report is encouraged when the victim of a crime elects to, or is unable to, make such a report.

- All crimes occurring on or near Chicago State University property should be reported immediately to the Chicago State University Police Department at 773-995-2111. A dispatcher is available 24/7.
- If a crime is in progress or there is some other situation posing imminent danger, local law enforcement can be reached by dialing 911(Chicago Police Department (CPD)).
- Students, staff, and visitors should also report situations to one of the campus security authorities identified above. Once reported, the individual may also be encouraged to report the situation to the appropriate police agency. If requested, a University staff member will assist in making the report to police.
- Anonymous incident reports can also be made by dialing 773-821-2882.

Confidential Reporting

The University will protect the confidentiality of victims. Only those with a need to know the identity for purposes of investigating the crime, assisting the victim or disciplining the perpetrator will know the victim's identity.

Chicago State University is committed to respecting the privacy of all parties involved. Some level of disclosure, however, may be necessary to ensure a complete and fair investigation, although Chicago State University will comply with requests for confidentiality to the extent possible. Once a complaint is reported, no promise of non-action or guaranteed anonymity can be made, as all reports must be reviewed and addressed in accordance with law and policy. Chicago State University may have a legal duty to conduct an investigation. Information will be released on a need-to-know basis. Within these constraints, all parties involved are requested to maintain confidentiality and respect for privacy. Public records will be disclosed in accordance with applicable laws, and only to the extent permitted by those laws. Students may speak confidentially to licensed mental health counselors employed by Chicago State University to provide counseling services in the Counseling Center as well as to the Chicago State University Chaplain, to the extent that these employees are working in their professional capacity. These resources provide students who may be interested in bringing a complaint of sexual misconduct or harassment with a confidential place to discuss their concerns.

Anonymous reports may be made with the Title IX Coordinator in the Office of Legal Affairs (773-995-3582) or by calling the anonymous tip hotline at 773-821-2882 and leaving a voice message, however, the more information Chicago State University has about any type of misconduct, the better it can prevent and redress it. Chicago State University may be limited in its investigation if it does not have information specific to a complaint.

The University encourages its pastoral and professional counselors, if and when they deem it appropriate, to inform the person they are counseling to report crimes on a voluntary, confidential basis for inclusion in the annual report of crime statistics.

Security of and Access to Campus Facilities

Most campus buildings and facilities are accessible to members of the campus community, guests and visitors during normal hours of business (Monday through Friday) and for limited designated hours on Saturday. The Chicago State University Police Department provides 24-hour patrol of all the University property, buildings, parking lots, the residence hall, and auxiliary locations. All laws are enforced on the campus and auxiliary locations, including rules and regulations established by Chicago State University for the campus community.

Officers are responsible for reporting and investigating all crimes, issuing traffic citations, parking tickets, responding to medical emergencies, traffic accidents involving University property or injury, reports of fire, as well as other incidents that require police assistance.

Residence Hall: The Chicago State University Residence Hall policy requires that exterior doors (rear doors) be locked at all times and the front entrance is staff at all times. A resident must accompany all guests.

Security Considerations in the Maintenance of Facilities

Members of the Chicago State University Police Department and Physical Facilities Planning & Management (PFPM) continually evaluate security and safety conditions on campus. Members of the Chicago State University Police Department & the PFPM report security concerns, such as lighting and road hazards, and make recommendations for correction. The campus community is encouraged to report any safety concerns, exterior lighting, or emergency telephone malfunctions to the Physical Facilities Planning & Management Office at 773-995-2140 or to the Chicago State University Police Department at 773-995-2113.

Educational Programs Related to Security Awareness and Prevention of Criminal Activity

The University seeks to enhance the security of its campus and the members of the campus community by periodically presenting educational programs to inform students and employees about campus security procedures and practices, to encourage students and employees to be responsible for their own security and the security of others and to inform them about the prevention of crimes.

Monitoring Off Campus Locations of Recognized Student Organizations

The University does not have any officially recognized student organizations with off campus locations and therefore does not monitor or record criminal conduct occurring at such locations.

Disclosure of the Outcome of a Crime of Violence or Non-Forcible Sex Offense

Upon written request, the University will disclose to the alleged victim of a crime of violence (as that term is defined in section 16 of title 18, United States Code), or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the University against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of the paragraph.

The previous paragraph does not apply to victims of dating violence, domestic violence, sexual assault, or stalking because under the Violence Against Women Act both the accused and accuser in these cases are given the results without the need to make a written request.

Drug and Alcohol Policy

The University is committed to creating and maintaining an environment that is free of alcohol abuse. The University enforces state underage drinking laws as well as federal and state drug laws.

2025 COMBINED ANNUAL SECURITY REPORT & FIRE SAFETY REPORT

Rape, Fondling, Incest, Statutory Rape	For purposes of the Clery Act, the term “sexual assault” includes the offenses of rape, fondling, incest, and statutory rape. The institution has determined, based on good-faith research, that Illinois law does not define these terms. Related crimes are defined under “other sexual assault” crimes listed below.

University Definition of Consent

The University uses the following definition of consent in its Sex Discrimination and Sex-Based Harassment Policy for the purpose of determining whether sexual violence (including sexual assault) has occurred:

“Consent” means freely given words or actions that a reasonable person in the position of the Respondent would understand as agreement to engage in the sexual conduct at issue. A person’s lack of verbal or physical resistance or submission resulting from the use of threat of force does not constitute consent. A person’s manner of dress does not constitute consent. A person’s consent to past sexual activity does not constitute consent to future sexual activity.

2025 COMBINED ANNUAL SECURITY REPORT & FIRE SAFETY REPORT

A person's consent to engage in sexual activity with one person does not constitute consent to engage in sexual activity with a different person. A person who is Incapacitated is not capable of giving Consent, and a person who is under the age of consent cannot consent. Consent cannot be procured through Coercion. A person can withdraw consent at any time.

Risk Reduction

If you find yourself in an uncomfortable sexual situation, these suggestions may help you reduce your risk:

- Make your limits known before going too far.
- You can withdraw consent to sexual activity at any time. Do not be afraid to tell a sexual aggressor "NO" clearly and loudly.
- Try to remove yourself from the physical presence of a sexual aggressor. Be direct as possible about wanting to leave the environment.
- Grab someone nearby and ask them for help.
- Be safe with your alcohol and/or drug use. Alcohol and drugs can lower your sexual inhibitions and may make you vulnerable to someone who views an intoxicated/high person as a sexual opportunity.
- Attend large parties with friends you trust. Watch out for your friends and ask that they watch out for you.
- Be aware of someone trying to slip you an incapacitating "rape drug" like Rohypnol or Gamma Hydroxybutyrate (GHB).

If you find yourself in the position of being the initiator of sexual behavior, these suggestions may help you to reduce your risk of being the responding party of sexual assault or another sexual crime:

- Remember that you owe sexual respect to the other person.
- Don't make assumptions about the other person's consent or about how far they are willing to go.
- Remember that consent to one form of sexual activity does not necessarily imply consent to another form of sexual behavior.
- If your partner expresses a withdrawal of consent, stop immediately.
- Clearly communicate your sexual intentions so that the other person has a chance to clearly tell you their intentions.
- Consider "mixed messages" a clear sign that the other person is uncomfortable with the situation and may not be ready to progress sexually.
- Don't take advantage of someone who is really drunk or on drugs, even if they knowingly and intentionally put themselves in that state. Further, don't be afraid to step in if you see someone else trying to take advantage of a nearly incapacitated person.
- Be aware of the signs of incapacitation, such as slurred speech, bloodshot eyes, vomiting, unusual behavior, passing out, staggering, etc.

2025 COMBINED ANNUAL SECURITY REPORT & FIRE SAFETY REPORT

It is also important to be aware of the warning signs of an abusive person. Some examples include: past abuse; threats of violence or abuse; breaking objects; using force during an argument; jealousy; controlling behavior; quick involvement; unrealistic expectations; isolation; blames others for problems; hypersensitivity; cruelty to animals or children; “playful” use of force during sex; Jekyll-and-Hyde personality.

Bystander Intervention

In addition to reporting incidents to appropriate authorities, below are some ways in which individuals can take safe and positive steps to prevent harm and intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking against another person.

- Look out for those around you.
- Realize that it is important to intervene to help others.
- Treat everyone respectfully. Do not be hostile or an antagonist.
- Be confident when intervening.
- Recruit help from others if necessary.
- Be honest and direct.
- Keep yourself safe.
- If things get out of hand, don’t hesitate to contact the police.

Other Information Covered by the PPAP

The PPAP also provides information on possible sanctions and protective measures that may be imposed following a determination that an offense of dating violence, domestic violence, sexual assault, or stalking has occurred, an explanation of the disciplinary procedures that will be followed when one of these offenses is alleged, the rights of the parties in such a proceeding, available resources, and other pertinent information. Much of this information is set forth in the upcoming sections of this security report.

Ongoing Prevention and Awareness Campaign:

The University also conducts an Ongoing Prevention and Awareness Campaign (OPAC) aimed at all students and employees. This campaign covers the same material as provided in the PPAP, but is intended to increase the understanding of students and employees on these topics and to improve their skills for addressing the offenses of dating violence, domestic violence, sexual assault and stalking.

PPAP and OPAC Programming Methods:

The PPAP and OPAC are carried out in a variety of ways, using a range of strategies, and, as appropriate, targeting specific audiences throughout the University. Methods include, but are not limited to: presentations, online training modules, distribution of written materials, periodic email blasts, and guest speakers. A summary of this programming is provided below.

2025 COMBINED ANNUAL SECURITY REPORT & FIRE SAFETY REPORT

- New students receive education on the prevention of dating violence, domestic violence, sexual assault, and stalking through presentations and educational materials during orientation. New employees receive training on these topics upon hire and are required to participate in training annually.
- As part of its ongoing campaign, the University uses a variety of strategies, such as in person presentations by sexual assault organizations, emails blasts with pertinent information, portal announcements, etc. While programming occurs throughout the year, the University also offers educational sessions and literature in coordination with nationally recognized observances such as Sexual Assault Awareness Month (April) and Domestic Violence Awareness Month (October).

Procedures to Follow if You are a Victim of Dating Violence, Domestic Violence, Sexual Assault, or Stalking:

If you are a victim of dating violence, domestic violence, sexual assault, or stalking, go to a safe place and call 911 or the Chicago State University Police Department at 773-995-2111. You may also contact the University's Title IX Coordinator at 773-995-3582 or titleix@csu.edu.

Victims will be notified in writing of the procedures to follow, including:

1. To whom and how the alleged offense should be reported (contact the Title IX Coordinator or refer to the other resources listed in this report).
2. The importance of preserving evidence that may be necessary to prove the offense in a criminal proceeding or disciplinary action or to obtain a protective order.

2025 COMBINED ANNUAL SECURITY REPORT & FIRE SAFETY REPORT

3. The victim's options regarding notification to law enforcement, which are: (a) the option to notify either on-campus or local police; (b) the option to be assisted by campus security authorities in notifying law enforcement if the victim so chooses (the institution is obligated to comply with such a request if it is made); and (c) the option to decline to notify such authorities.
4. Where applicable, the rights of victims and the institution's responsibilities regarding orders of protection, no-contact orders, restraining orders, or similar lawful orders issued by a criminal, civil, or tribal court.

Preservation of Evidence & Forensic Examinations

Victims of physical assault are advised to not remove clothing items worn during or following an assault, as they frequently contain valuable fiber, hair, and fluid evidence. Don't bathe or wash, or otherwise clean the environment in which the assault occurred. Forensic examinations are available at the following locations: Roseland Community Hospital, 45 West 111th Street, Chicago, IL 60628, 773-995-3000; UChicago Medicine, 5841 South Maryland Avenue, Chicago, IL 60637, 773-702-1000.

Completing a forensic examination does not require you to file a police report, but having a forensic examination will help preserve evidence in case you decide at a later date to file a police report.

Victims are also advised to retain evidence in electronic formats (e.g., text messages, emails, photos, social media posts, screenshots, etc.). Such evidence is valuable in all situations, and it may be the only type of evidence available in instances of stalking.

Security/Law Enforcement & How to Make a Police Report

- Chicago State University Police Department, 773-995-2111
- Chicago Police Department (CPD), 5th District 727 East 111th Street Chicago, IL 60628 312-747-8210 or 911
- To make a police report, individuals should contact the local police agency listed above either by phone or in-person. The individual should provide as much information as possible, including name, address, and when and what occurred, to the best of the individual's ability.

Information about Legal Protection Orders

The University will also enforce any temporary restraining order or other no contact order against the alleged perpetrator from a criminal, civil, or tribal court. Any student or employee who has a protection order or no contact order should notify the Title IX Coordinator and provide a copy of the restraining order so that it may be kept on file with the institution and can

2025 COMBINED ANNUAL SECURITY REPORT & FIRE SAFETY REPORT

be enforced on campus, if necessary. Upon learning of any orders, the University will take all reasonable and legal action to implement the order.

Chicago State University does not issue legal orders of protection, however, as a matter of institutional policy, the University may impose a no-contact order between individuals in appropriate circumstances. The University may also issue a “no trespass warning” if information available leads to a reasonable conclusion that an individual is likely to cause harm to any member of the campus community. A person found to be in violation of a No Trespass Warning may be arrested and criminally charged.

If Chicago State University is notified by a student or employee that they have secured a Personal Protective Order (PPO), order of protection, no contact order, restraining order or similar order (collectively referred to as Personal Protection Orders (PPOs)), pertaining to another student or employee, the University will make a good faith effort to reasonably respond to the conditions of the PPO. The Department of Student Affairs and Human Resources in conjunction with the University Police will work with the appropriate individuals to develop a plan to meet the requirements of the PPO as fully as reasonably possible. Information about the PPO and its conditions will be shared with others on campus who need to know of it to provide accommodations. If the complainant rescinds the PPO, they must follow the formal legal process for doing so before the University will change its accommodation. The presence of a PPO does not constitute a harassment complaint or put Chicago State University on notice of harassment.

Available Victim Services:

Victims will be provided written notification about existing counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid, and other services available to them, both within the University and in the surrounding community. Those services include:

Accommodations and Protective Measures:

The University will provide written notification to victims about options for, and available assistance in, changing academic, living, transportation, and working situations or protective measures. If victims request these accommodations or protective measures and they are reasonably available the University is obligated to provide them, regardless of whether the victim chooses to report the crime to campus security or local law enforcement.

Requests for accommodations or protective measures should be made to the Title IX Coordinator at titleix@csu.edu. The Title IX Coordinator is responsible for deciding what, if any, accommodations or protective measures will be implemented.

When determining the reasonableness of such a request, the University may consider, among other factors, the following:

- The specific need expressed by the complainant.
- The age of the students involved.
- The severity or pervasiveness of the allegations
- Any continuing effects on the complainant
- Whether the complainant and alleged perpetrator share the same class or job location.
- Whether other judicial measures have been taken to protect the complainant (e.g., civil protection orders).

The University will maintain as confidential any accommodations or protective measures provided a victim to the extent that maintaining confidentiality would not impair the University's ability to provide them. However, there may be times when certain information must be disclosed to a third party in order to implement the accommodation or protective measure. Such decisions will be made by the University in light of the surrounding circumstances, and disclosures of this nature will be limited so that only the information necessary to implement the accommodation or protective measure is provided. In the event it is necessary to disclose information about a victim in order to provide an accommodation or protective order, the University will inform the victim of that necessity prior to the disclosure, including which information will be shared, with whom it will be shared and why.

Procedures for Disciplinary Action:

Allegations of domestic violence, dating violence, sexual assault or stalking will be processed through the institution's Sexual Harassment Policy and the related complaint resolution procedures. The procedures are utilized whenever or wherever a complaint is made, regardless of the status of the complainant and the respondent.

The complaint resolution procedures are invoked once a report is made to one of the following individuals:

Title IX Coordinator

Augustine Mangar
Associate General Counsel for Compliance & Title IX Coordinator
Office of Legal Affairs
773-995-3582
amanga@csu.edu

An electronic form available at https://csu-advocate.symplicity.com/collections/title_ix can also be used to file a report.

A person may file a Formal Complaint with the Title IX Coordinator requesting that the University investigate and adjudicate a report of Sexual Harassment in accordance with the provisions “Investigation” and “Adjudication.” Provided, however, that the person must (1) meet the definition of Complainant; (2) be a person who has the legal right to act on a Complainant's behalf; (3) be the Title IX Coordinator; or (4) with respect to Complaints of Sexual Harassment, be a Student or Employee or a third-party who is participating or attempting to participate in, the University's Education Programs or Activities when the alleged Sexual Harassment occurred.

Complaints may be made to the Title IX Coordinator in person, by regular mail, telephone, electronic mail, or by any other means that results in the Title IX Coordinator receiving the person's verbal or written report, using the contact information specified in “Reporting Sexual Harassment,”

In any case, including a case where a Complainant elects not to file a formal Complaint, the Title IX Coordinator may file a Formal Complaint on behalf of the University, if doing so is not clearly unreasonable. Such action will normally be taken in limited circumstances involving serious or repeated conduct where the alleged perpetrator may pose a continuing threat to the University Community.

Factors the Title IX Coordinator may consider include (but are not limited to): (a) was a weapon involved in the incident; (b) were multiple assailants involved in the incident; (c) is the accused a repeat offender; and (d) does the incident create a risk of occurring again.

If the Complainant or the Title IX Coordinator files a Formal Complaint, then the University will commence an investigation as specified in “Reporting Sexual Harassment” and proceed to adjudicate the matter as specified in “Adjudication” below. In all cases where a Formal Complaint is filed, the Complainant will be treated as a party, irrespective of the party's level of participation. In a case where the Title IX Coordinator files a Formal Complaint, the Title IX Coordinator will not act as a Complainant or otherwise as a party for purposes of the investigation and adjudication processes.

2025 COMBINED ANNUAL SECURITY REPORT & FIRE SAFETY REPORT

Once a complaint is made and a decision is made to pursue an investigation, the Title IX Coordinator and/or designee will provide written notice (within 5 days) to both parties, which will include a physical copy of the Sexual Harassment Policy or a hyperlink to this policy, sufficient details known at the time so that the parties may prepare for an initial interview with the investigator, a statement that the Respondent is presumed not responsible for the alleged Sexual Harassment and that a determination of responsibility will not be made until the conclusion of the adjudication and any appeal, notification of the Complaint's and Respondent's right to be accompanied by an advisor of their choice, notification of their right to inspect and review evidence, notification of the University's prohibitions on retaliation and false statements and information about available campus and community resources.

During the investigation, the complainant and respondent will each have an equal opportunity to describe the situation and present witnesses and other supporting evidence. The investigator(s) will review the statements and evidence presented and may, depending on the circumstances, interview others with relevant knowledge, review documentary materials, and take any other appropriate action to gather and consider information relevant to the complaint. Upon completion of the investigation, the investigator(s) will provide the evidence directly related to the allegations to the parties and they will have ten (10) days to respond in writing. The investigator will then prepare a preliminary report summarizing the relevant evidence collected during the investigation. Each party will have ten (10) days to review the report and provide any comment or response. Thereafter, the investigator will finalize the report to include the various steps taken and the relevant evidence, and lists material facts on which the parties agree and don't agree. The investigator will conduct its investigation in a reasonably prompt manner. How long an investigation will take depends on a number of factors, such as the complexity of the allegations, the number and availability of witnesses, and intervening holiday breaks when school is not in session.

Upon completion of the investigation, the Title IX Coordinator will then appoint an adjudicator whose responsibility it will be to adjudicate the Complaint at a live hearing. The adjudicator will promptly send written notice to the parties notifying the parties of the hearing officer's appointment; setting a deadline for the parties to submit any written response to the investigation report; setting a date for the pre-hearing conference; setting a date and time for the hearing; and providing a copy of the University's Hearing Procedures. Neither the pre-hearing conference, nor the hearing itself, may be held any earlier than ten (10) days from the date of transmittal of this notice. After the pre-hearing conference, the adjudicator will convene and conduct a hearing pursuant to the University's Hearing Procedures. After the hearing is complete, the adjudicator will objectively evaluate all relevant evidence collected during the investigation, including both inculpatory and exculpatory evidence, together with testimony and non-testimony evidence received at the hearing, and ensure that any credibility determinations made are not based on a person's status as a Complainant, Respondent, or witness. After reaching a determination and consulting with the appropriate University official(s) and Title IX Coordinator, the adjudicator will prepare a written decision that will be transmitted to the parties. Although the length of each adjudication by hearing will vary depending on the totality of the circumstances, the University

2025 COMBINED ANNUAL SECURITY REPORT & FIRE SAFETY REPORT

strives to issue the adjudicator's written determination within seven (7) days of reaching a decision.

Both parties may appeal the determination of an adjudication, or a dismissal of a Formal Complaint, if a procedural irregularity affected the outcome; there is new evidence that was not reasonably available at the time the determination was made, that could have affected the outcome; and/or the Title IX Coordinator, investigator, hearing officer, or administrative officer, had a conflict of interest or bias, or the sanction is disproportionate with the outcome. A party must file an appeal within seven (7) days of the notice of dismissal or determination appealed from or, if the other party appeals, within three (3) days of the other party appealing, whichever is later. The appeal must be submitted in writing to the Title IX Coordinator, who will appoint an appeal officer. The University strives to issue the appeal officer's written decision within seven (7) days of an appeal being filed.

At any time after the parties are provided written notice of the Complaint as specified in "Notice of Formal Complaint," and before the completion of any appeal specified in "Appeal," the parties may voluntarily consent, with the Title IX Coordinator's approval, to engage in mediation, facilitated resolution, or other form of dispute resolution the goal of which is to enter into a final resolution resolving the allegations raised in the Formal Complaint by agreement of the parties. The Title IX Coordinator may reject the use of informal resolution in a specific case despite one or more of the parties' wishes. Informal resolution will not be permitted in any case where informal resolution would otherwise conflict with federal, state, or local law. The specific manner of any informal resolution process will be determined by the parties and the Title IX Coordinator, in consultation together. If the parties reach a resolution, and the Title IX Coordinator agrees, the Title IX Coordinator will reduce it to writing for written signature. Once signed, it is final. The information resolution process must be completed within twenty-one (21) days or, absent an extension, abeyance, or other contrary ruling by the Title IX Coordinator, the informal resolution process will be deemed terminated.

 - Completed within reasonably prompt timeframes designated by the institution's policy, including a process that allows for the extension of timeframes for good cause, with written notice to the accuser and the accused of the delay and the reason for the delay.
 - Conducted in a manner that:

For this purpose, "result" means "any initial, interim and final decision by an official or entity authorized to resolve disciplinary matters" and must include the rationale for reaching the result and any sanctions imposed.

Possible Sanctions or Protective Measures that the University May Impose for Dating Violence, Domestic Violence, Sexual Assault or Stalking Offenses:

Following a final determination in the institution's TIX process that dating violence, domestic violence, sexual assault, or stalking has been committed, the institution may impose a sanction depending on the mitigating and aggravating circumstances involved. In addition, the University can make available to the complainant a range of protective measures, which will include: counseling; extensions of deadlines and other academic adjustments; campus escort services; increased security and monitoring for certain areas of campus; restrictions on contact between parties; honoring an order of protection or no contact order entered by a State civil or criminal court; leaves of absence; voluntary and involuntary changes to class, work, housing, dining, or extracurricular or any other activity; and training and education.

Publicly Available Recordkeeping:

The University will complete any publicly available recordkeeping, including Clery Act reporting and disclosures, without the inclusion of personally identifiable information about victims of dating violence, domestic violence, sexual assault, and stalking who make reports of such to the University to the extent permitted by law.

Victims to Receive Written Notification of Rights:

When a student or employee reports to the University that he or she has been a victim of dating violence, domestic violence, sexual assault, or stalking, whether the offense occurred on or off campus, the University will provide the student or employee a written explanation of his or her rights and options as described in the paragraphs above.

Timely Warnings & Emergency Response

Timely Warnings

In the event of criminal activity occurring either on campus or off campus that in the judgment of the Chicago State University Police Department constitutes a serious or continuing threat to members of the campus community, a campus-wide “timely warning” will be issued. Examples of such situations may include a sexual assault or a series of motor vehicle thefts in the area that merit a warning because they present a continuing threat to the campus community. Warnings will be communicated to students and employees via one or more of the methods discussed later in this section. Updates to the warnings will be provided as appropriate.

Anyone with information warranting a timely warning should immediately report the circumstances to:

- Chicago State University Police Department, 773-995-2111

The University has communicated with local law enforcement asking them to notify the University if it receives reports or information warranting a timely warning.

Missing Student Policy

If a member of the University community believes a student who resides in on campus housing is missing, they should immediately report it to Housing and Residence Life at 773-821-2411 and the Dean of Students at 773-995-4510. Any University employee receiving such a report must immediately notify the Chicago State University Police Department (773-995-2111) to initiate an investigation.

Students residing in on-campus housing may confidentially designate a contact to be notified if they are missing for more than 24 hours. This contact is separate from, however, can be the same as, the general emergency contact. The confidential information will only be accessible to authorized campus officials and disclosed to law enforcement if necessary for the investigation.

To designate a confidential contact, students can call 773-821-2882 or email csupolice@csu.edu.

After investigating a missing person report, if it is determined that the student has been missing for 24 hours, the Chicago State University Police Department will notify local police authorities unless it was local law enforcement that made the determination that the student is missing. If the missing student is under the age of 18 and is not emancipated, the Student Affairs and Judicial Affairs Departments will also notify the custodial parent(s) or legal guardian(s) of the student within 24 hours of the determination that the student is missing, in addition to notifying any additional contact person designated by the student.

Annual Fire Safety Report

Housing Facilities and Fire Safety Systems

Chicago State University

2025 COMBINED ANNUAL SECURITY REPORT & FIRE SAFETY REPORT

The University maintains on-campus housing for its students. Below is a description of fire safety systems and the number of fire drills conducted during the previous calendar year.

Campus: Chicago State University, 9501 South King Drive, Chicago, IL 60628

Facility	Fire Alarm Monitoring Done on Site	Partial Sprinkler System	Full Sprinkler System	Smoke Detection	Fire Extinguisher Devices	Evacuation Plans & Placards	Number of evacuation (fire) drills in previous calendar year
Residents Hall, 9501 S. King Dr.	X	X	X	X	X	X	2

Policies on Portable Appliances, Smoking and Open Flames

The use of open flames, such as candles, and the burning of such things as incense, and smoking are prohibited in campus housing. Only surge-protected extension cords are permitted. Only the following portable cooking or food storage appliances are permitted to be used in campus housing: microwaves and refrigerators. Also, tampering with fire safety systems is prohibited and any such tampering may lead to appropriate disciplinary action.

The University reserves the right to make periodic inspections of campus housing to ensure fire safety systems are operational and that there is compliance with the policy on prohibited items. Prohibited items, if found, will be confiscated and donated or discarded without reimbursement.

Fire Evacuation Procedures

In the event of a fire, the University expects that all campus community members will evacuate by the nearest exit, closing doors and activating the fire alarm system (if one is nearby) as they leave. If circumstances permit at the time of the alarm, additional instructions will be given regarding where students and/or staff are to relocate.

Fire Education and Training Programs

Fire safety education programs for all residents of on-campus student housing and all employees with responsibilities related to that housing are held at the beginning of each semester. Their purpose is to: familiarize everyone with the fire safety system in each facility, train them on procedures to follow if there is a fire and inform them of the University's fire safety policies. Information distributed includes evacuation route maps of each facility, which includes any fire alarms and fire suppression equipment available in the facility. Attendees are advised of the mandatory participation in fire drills. Any student with a disability is given the option of having a "buddy" assigned to assist him or her.

2025 COMBINED ANNUAL SECURITY REPORT & FIRE SAFETY REPORT

Reporting Fires

The University is required to disclose each year statistical data on all fires that occurred in on-campus student housing. When a fire alarm is pulled and/or the fire department responds to a fire, these incidents are captured. If you encounter a fire that presents an emergency situation, ensure your own safety and then please call 911.

There may also be instances when a fire is extinguished quickly and an alarm is not pulled or a response by the fire department was not necessary. It is important that these incidents be recorded as well. Therefore, if you are aware of such a fire, see evidence of one or hear about one, you should contact the Physical Facilities Control Room at Physical Facilities Control Room. When providing notification of a fire, give as much information as possible about the location, date, time and cause of the fire.

Plans for Future Improvements

As a result of the University's most recent review of its fire safety protections and procedures, we have determined that the following improvements will be made, subject to the availability of funding:

Plans continue to replace all of the building fire alarms through a state funded project.
