There is no additional fee for re-applying.

Graduation Ceremonies- Students who completed a degree in the Summer or Fall semesters and who have submitted a graduation application by the published deadline will participate in the winter commencement ceremony. Students who complete a degree in the Spring semester and who have submitted a graduation application by the published deadline date will participate in the spring commencement ceremony. Students who do not submit a graduation application by the published deadline date will not be allowed to participate in the commencement during that semester. These students will have to participate in the commencement held in the following semester.

All eligible applicants will be notified by the appropriate department regarding ceremony information. For more information regarding commencement, visit the Commencement website: <http://www.csu.edu/commencement/>

Diplomas- Diplomas are ordered *three times a year*: May, August, and December. The date of the diploma reflects the semester for which all degree requirements were completed. Diplomas are available approximately 2 months following the semester in which you graduated. Students will be notified when diplomas become available for pickup.

Participation in the graduation ceremony does not constitute graduation. Failure to complete all graduation requirements will result in a delay of receiving your diploma, including postponement of your graduation completion date. Your degree will be granted once all requirements are satisfied.
