The Family and Medical Leave Act (FMLA) provides that an employer may require an employee seeking FMLA protections because of a need for leave due to a serious health condition to submit a medical certification issued by the employee's health care provider. 29 U.S.C. §§ 2613, 2614(c)(3); 29 C.F.R. § 825.305. The employer must give the employee at least 15 calendar days to provide the certification. If the employee fails to provide complete and sufficient medical certification, his or her FMLA leave request may be denied. 29 C.F.R. § 825.313. Information about the FMLA may be found on the [WHD website](http://www.dol.gov/agencies/whd/fmla) at www.dol.gov/agencies/whd/fmla.

SECTION I - EMPLOYER

Either the employee or the employer may complete Section I. While use of this form is optional, this form asks the health care provider for the information necessary for a complete and sufficient medical certification, which is set out at 29 C.F.R. § 825.306. **You may not ask the employee to provide more information than allowed under the FMLA regulations, 29 C.F.R. §§ 825.306-825.308.** Additionally, you may not request a certification for FMLA leave to bond with a healthy newborn child or a child placed for adoption or foster care. Employers must generally maintain records and documents relating to medical information, medical certifications, recertifications, or medical histories of employees created for FMLA purposes as confidential medical records in separate files/records from the usual personnel files and in accordance with 29 C.F.R. § 1630.14(c)(1), if the Americans with Disabilities Act applies, and in accordance with 29 C.F.R. § 1635.9, if the Genetic Information Nondiscrimination Act applies.

SECTION II - HEALTH CARE PROVIDER

Please provide your contact information, complete all relevant parts of this Section, and sign the form. Your patient has requested leave under the FMLA. The FMLA allows an employer to require that the employee submit a timely, complete, and sufficient medical certification to support a request for FMLA leave due to the serious health condition of the employee. For FMLA purposes, a "serious health condition" means an illness, injury, impairment, or physical or mental condition that involves **inpatient care** or **continuing treatment by a health care provider**. For more information about the definitions of a serious health condition under the FMLA, see the chart on page 4.

You also may, but are **not required** to, provide other appropriate medical facts including symptoms, diagnosis, or any regimen of continuing treatment such as the use of specialized equipment. Please note that some state or local laws may not allow disclosure of private medical information about the patient's serious health condition, such as providing the diagnosis and/or course of treatment.

Several questions seek a response as to the frequency or duration of a condition, treatment, etc. Your answer should be your **best estimate** based upon your medical knowledge, experience, and examination of the patient. Be as specific as you can; terms such as "lifetime," "unknown," or "indeterminate" may not be sufficient to determine FMLA coverage.

(5) Due to the condition, the patient (had / will have) **planned medical treatment(s)** (scheduled medical visits) (e.g. psychotherapy, prenatal appointments) on the following date(s): _____

Over the next 6 months, episodes of incapacity are estimated to occur _____ times per (day week month) and are likely to last approximately _____ (hours days) per episode.

Employee Name: _____

PART C: Essential Job Functions

If provided, the information in Section I question #4 may be used to answer this question. If the employer fails to provide a statement of the employee's essential functions or a job description, answer these questions based upon the employee's own description of the essential job functions. An employee who must be absent from work to receive medical treatment(s), such as scheduled medical visits, for a serious health condition is considered to be **not able** to perform the essential job functions of the position during the absence for treatment(s).

(10) Due to the condition, the employee (was not able / is not able / will not be able) to perform **one or more** of the essential job function(s). Identify at least one essential job function the employee is not able to perform:

- o At least one in-person visit to a health care provider for treatment within seven days of the first day of incapacity, which results in a regimen of continuing treatment under the supervision of the health care provider. For example, the health provider might prescribe a course of prescription medication or therapy requiring special equipment.

Pregnancy: Any period of incapacity due to pregnancy or for prenatal care. _____

Chronic Conditions: Any period of incapacity due to or treatment for a chronic serious health condition, such as diabetes, asthma, migraine headaches. A chronic condition may cause episodic rather than a continuing period of incapacity.

Permanent or Long-term Conditions: A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective, but which requires the continuing supervision of a health care provider, such as Alzheimer's disease or the terminal stages of cancer.
